DESCRIPTION

A little-known grape with origins in Spain. It is one of the most widely planted grapes in the South of France. When planted in our low-fertility soils it yields less than two tons per acre. These 60 year-old vines have produced the best vintage in memory. Our growing conditions produce small bunches of tiny grapes with excellent flavors and balance.

FOOD PAIRING

Goes well with grilled meats — try it with your BBQ short ribs or Salmon this summer.
