

BLACK MUSCAT

Amador County

WINE ENTHUSIAST

Hidden Gem - April 2026

92

WINEMAKERS NOTES

From a rare red muscat clone, Muscat Hamburg, comes this lightly colored imminently drinkable, fortified dessert wine. Estate grown and sustainably farmed, the wine's aromatics lead off with hints of crushed rose petals, lilac blossoms and vanilla bean. Sweet and decadently luscious, the wine teases the palate with flavors of crushed blackberries, ripe plums and dried cranberries while leaving a long warm lingering, come hither finish. Serve straight up or on the rocks, this wine complements a blackberry cobbler a la mode to near perfection. A rich, pure hedonistic delight!

PAIRINGS

A perfect match for your lunch or dinner menu. Goes well with rich cheeses, chocolates and desserts.
